A reservation designated as the Southwestern Alaska Fisheries Reservation having been created by the Executive Order of November 3, 1922, the Alaska Packers Association, whose home office is at San Francisco, California, is hereby authorized to engage in the catching and canning of salmon for commercial purposes in Olga Bay, Alitak, within Zone Two of the Kodiak-Afognak district of said reservation during the calendar year 1924, under the following conditions:

1. That the company may operate three traps in Moser Bay and two traps in Alitak Bay, but no trap in Olga Bay. Three beach seines may be used wherever they can be legally employed within Zone Two, except that no fishing is permitted at the Upper Station or the Home Station or in any portion of the arm of Olga Bay westward of the outlet channel.

2. That the pack of red salmon is limited to seven thousand five hundred (7,500) cases, computed upon the basis of 48 one-pound cans per case. That when this limit is reached, all trap fishing shall be discontinued and the traps dismantled. Fishing for all species of salmon other than red salmon may thereafter be prosecuted in a legal manner anywhere within Zone Two, except by the methods and at the localities above specified.

3. That the company shall observe the existing laws and regulations for the protection of the fisheries of Alaska and for the administration of the said reservation (copies of which are attached hereto and the conditions of which are made a part of this permit), as well as those that may hereafter be enacted or promulgated for such purposes.

4. That this permit expires December 31, 1924, is not transferable, and is revocable at any time at the pleasure of the Secretary of Commerce.
